

The background is a dark charcoal grey. Scattered across it are several white geometric shapes: horizontal and vertical bars of varying lengths. Some bars are solid white, while others are split vertically down the middle, with the left half being white and the right half being black. These shapes are arranged in a way that suggests a grid or architectural structure.

compact

“Tibur Stone” collection is added to the other Unicom-Starker stones collections. It is a collection of Travertine, interpreted in its softer and more elegant version, playing entirely on nuances, shadows, veining made up deeply in the product. Available in four shades: Classic, Opal, Selce, Avena, this collection is a tribute to our classic tradition. However, the elegance of the product makes it versatile even for the most contemporary taste. Formats: 60x120, 30x120, 60x60, 30x60, 7.5x30, 15x60, décors: Mosaico and Mosaico Esagona, formats and décors with which patterns and carpets are combined for an even richer and more decorative result as in the ancient tradition.
